

Two MRIs

Can you spot the difference?

One of these MRIs costs **\$1,735 less**.*

We can help your employees choose which one.
And reward them for making smart choices.

Knowing they have a choice

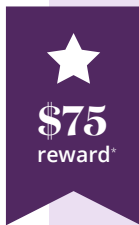

Aetna Informed RewardsSM is a price transparency and reward program we're now offering on our Aetna[®] member website and the Aetna HealthSM app.

Can make a big difference

Your employees can easily compare procedure costs. When they choose a lower-cost option, they'll get a reward. One smart decision can save you both a lot.

And you can save on overall medical costs

Our advanced analytics will tailor the program and incentives to maximize your returns. Everybody wins.

Reward your employees for smart choices with **Aetna Informed Rewards**

When they choose an eligible lower-cost option, they'll get a reward — and you'll see the savings add up.

Contact your Aetna rep to learn more.

*Reward amounts vary by procedure between \$25 and \$75; based on 2019 Aetna provider cost data.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna).
