# FREEDOM ACA MEDICATION LIST

At Capital Rx, we are driven to help our members most effectively manage their health. Your benefit may include certain prescription and over-the-counter (OTC) preventive medicines at no cost to you when you use a pharmacy or doctor in your plan's network under the provisions of the Affordable Care Act. There is no copay, deductible, or coinsurance, even if your deductible or out-of-pocket maximum has not been met for medications on this list.

Age limits, restrictions, and other requirements may apply. This list is for informational purposes and should not be relied upon to determine coverage. Coverage is always subject to the terms and limits of your benefit plan. For more details about your benefits, please check your benefit materials or call the number on the back of your member ID card.

*Please note: A prescription is required for OTC product coverage without cost-sharing under the pharmacy benefit.*
