Welcome

At Aetna®, your health goals lead the way, so we're joining you to put them first. We believe that whatever you decide to do for your health, you can do it with the right support. And no matter where you are on this personal journey, it's our job to enable you to feel the joy of achieving your best health.

Welcome to your Employer's self-funded benefit plan for in-network and out-of-network.

Introduction

This is your booklet. It describes your **covered services** – what they are and how to get them. It also describes how we manage the plan, according to our policies, federal laws and regulations. The schedule of benefits tells you how we share expenses for **covered services** and explains any limits. Together, these documents describe the benefits covered by your Employer's self-funded health benefit plan. Each may have amendments attached to them. These change or add to the document. This booklet takes the place of any others sent to you before.

It's really important that you read the entire booklet, your schedule of benefits and any amendments attached. If you need help or more information, see the *Contact us* section below.

How we use words

When we use:

- "You" and "your" we mean you and any covered dependents (if your plan allows dependent coverage)
- "Us," "we," and "our" we mean Aetna Life Insurance Company (Aetna)
- Words that are in bold, we define them in the *Glossary* section

Wellness and other rewards

You may be eligible to earn rewards for completing certain activities that improve your health, coverage, and experience with us. We may encourage you to access certain health services, or categories of healthcare **providers**, participate in programs, including but not limited to financial wellness programs; utilize tools, improve your health metrics, or continue participation as an Aetna member through incentives. Third-party service **providers** are independent contractors. The third-party service **provider** is responsible for the goods or services they deliver. We are not responsible, but, we have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don't pay the third-party service **providers** for the services they offer. You are responsible for paying for the discounted goods or services.

Coverage and exclusions

Providing covered services

Your plan provides **covered services**. These are:

- Described in this section.
- Not listed as an exclusion in this section or the *General plan exclusions* section.
- Not beyond any limits in the schedule of benefits.
- **Medically necessary**. See the *How your plan works – Medical necessity, referral and precertification requirements* section and the *Glossary* for more information.
- Services that are not prohibited by law. See *Services not permitted by law* in the *General plan exclusions* section for more information.

This plan provides insurance coverage for many kinds of **covered services**, such as a doctor's care and **hospital stays**, but some services aren't covered at all or are limited. For other services, the plan pays more of the expense. For example:

- **Physician** care generally is covered but **physician** care for cosmetic **surgery** is never covered. This is an exclusion.
- Home health care is generally covered but may only be **covered** up to a set number of visits per year. This is a limitation.
- Your **provider** may recommend services that are considered **experimental, investigational, or unproven** services. But an **experimental, investigational, or unproven** service is not covered and is also an exclusion, unless it is recognized as part of an approved clinical trial when you have cancer or a **terminal illness**. See *Clinical trials* in the list of services below.
- Preventive services. Usually, the plan pays more and you pay less. Preventive services are designed to help keep you healthy, supporting you in achieving your best health. To find out what these services are, see *Preventive care* in the list of services below. To find out how much you will pay for these services, see *Preventive care* in your schedule of benefits.

Some services require **precertification** from us. For more information see the *How your plan works – Medical necessity, referral and precertification requirements* section.

The **covered services** and exclusions below appear alphabetically to make it easier to find what you're looking for. If a service isn't listed here as a **covered service** or is listed as not covered under a specific service, it still may be covered. If you have questions, ask your **provider** or contact us. You can find out about limitations for **covered services** in the schedule of benefits.

Key Terms

Here are some key terms we use in this section. These will help you better understand GCIT.

Gene

A gene is a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

Molecular

Molecular means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

Therapeutic

Therapeutic means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

GCIT are defined as any services that are:

- Gene-based
- Cellular and innovative therapeutics

The services have a basis in genetic/molecular medicine and are not covered under the Institutes of Excellence™ (IOE) programs. We call these “GCIT services.”

GCIT **covered services** include:

- Cellular immunotherapies.
- Genetically modified oncolytic viral therapy.
- Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for certain therapeutic conditions.
- All human gene-based therapy that seeks to change the usual function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
 - Luxturna® (Voretigene neparvovec)
 - Zolgensma® (Onasemnogene abeparvovec-xioi)
 - Spinraza® (Nusinersen)
- Products derived from gene editing technologies, including CRISPR-Cas9.
- Oligonucleotide-based therapies. Examples include:
 - Antisense. An example is Spinraza.
 - siRNA.
 - mRNA.
 - microRNA therapies.

Facilities/provider for gene-based, cellular, and other innovative therapies

We designate facilities to provide GCIT services or procedures. GCIT **physicians, hospitals** and other **providers** are GCIT-designated facilities/**providers** for Aetna and CVS Health.

Important note:

You must get GCIT **covered services** from a GCIT-designated facility/**provider**. If there are no GCIT-designated facilities/**providers** assigned in your network, we will arrange for and coordinate your care at a GCIT-designated facility/**provider**. If you don't get your GCIT services at the facility/**provider** we designate, they will not be **covered services**.

Transplant services received from an IOE facility are subject to the network **copayment, payment percentage, deductible, maximum out-of-pocket** and limits, unless stated differently in this booklet and schedule of benefits.

Important note:

If there are no IOE facilities assigned to perform your transplant type in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your transplant services at the facility we designate, they will not be **covered services**.

Many pre and post-transplant medical services, even routine ones, are related to and may affect the success of your transplant. If your transplant care is being coordinated by the National Medical Excellence® (NME) program, all medical services must be managed through NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the **covered service** is not directly related to your transplant.

A source of coverage or reimbursement is considered available to you even if you waived your right to payment from that source. You may also be covered under a workers' compensation law or similar law. If you submit proof that you are not covered for a particular illness or injury under such law, then that illness or injury will be considered "non-occupational" regardless of cause.

How your plan works

How your medical plan works while you are covered in-network

Your in-network coverage helps you get and pay for a lot of, but not all, health care services.

Providers

Our **provider** network is there to give you the care you need. The easiest way to find **network providers** and see important information about them is by logging in to your member website. There you'll find our online **provider** directory. See the *Contact us* section for more information.

You choose a **PCP** to oversee your care. Your **PCP** will provide routine care and send you to other **providers** when you need specialized care. Your plan often will pay a bigger share for **covered services** you get through your **PCP**, so choose a **PCP** as soon as you can.

For more information about the network and the role of your **PCP**, see the *Who provides the care* section.

Service area

Your plan generally pays for **covered services** only within a specific geographic area, called a service area. There are some exceptions, such as for **emergency services**, urgent care, and transplants. See the *Who provides the care* section below.

How your plan works while you are covered out-of-network

With your out-of-network coverage:

- You can get care from **providers** who are not part of the Aetna network and from **network providers** without a **PCP referral**
- You may have to pay the full cost for your care, and then submit a claim to be reimbursed
- You are responsible to get any required **precertification**
- Your cost share will be higher

Who provides the care

Network providers

We have contracted with **providers** in the service area to provide **covered services** to you. These **providers** make up the network for your plan.

To get network benefits, you must use **network providers**. There are some exceptions:

- **Emergency services** – see the description of **emergency services** in the *Coverage and exclusions* section.
- Urgent care – see the description of urgent care in the *Coverage and exclusions* section.

- **Network provider** not reasonably available – You can get services from an **out-of-network provider** if an appropriate **network provider** is not reasonably available. You must request approval from us before you get the care. Contact us for assistance.
- Transplants – see the description of transplant services in the *Coverage and exclusions* section.

You may select a **network provider** from the online directory through your member website.

You will not have to submit claims for services received from **network providers**. Your **network provider** will take care of that for you. And we will pay the **network provider** directly for what the plan owes.

Your PCP

You must get **covered services** through your **PCP**.

How you choose your PCP

You can choose a **PCP** from the list of **PCPs** in our directory.

Each covered family member is required to select a **PCP**. You may each choose a different **PCP**. You must select a **PCP** for your covered dependent if they are a minor or cannot choose a **PCP** on their own.

What your PCP will do for you

Your **PCP** will coordinate your medical care or may provide treatment. They may send you to other **network providers**.

Your **PCP** will give you a written or electronic **referral** to see other **network providers**.

Changing your PCP

You may change your **PCP** at any time by contacting us.

If you do not select a PCP

Because having a **PCP** is so important, we may choose one for you. You will get an ID card in the mail. We will tell you the name, address and telephone number of your **PCP**. If you wish, you can change the **PCP** by following the directions above for *Changing your PCP*.

Until a **PCP** is selected, benefits will be limited to care provided by direct access **network providers**, **emergency services** and urgent care services.

Keeping a provider you go to now (continuity of care)

You may have to find a new **provider** when:

- You join the plan and the **provider** you have now is not in the network
- You are already an Aetna member and your **provider** stops being in our network

However, in some cases, you may be able to keep going to your current **provider** or **facility** to complete a treatment or to have treatment that was already scheduled at the in-network cost sharing levels for up to 90 days of the **provider** or facility ceasing to be in our network. This is called continuity of care. If we know you are under an active treatment plan, we will notify you of the **provider's** or facility's contract termination and how you can submit a request to keep going to your current **provider** or **facility**. *Contact us* for additional information.

Important note:

If you are pregnant and have entered your second trimester, transitional care will be through the time required for postpartum care directly related to the delivery.

You will not be responsible for an amount that exceeds the cost share that would have applied had your **provider** remained in the network.

Medical necessity, referral and precertification requirements

Your plan pays for its share of the expense for **covered services** only if the general requirements are met. They are:

- The service is **medically necessary**
- You get your care from:
 - Your **PCP**
 - Another **network provider** after you get a **referral** from your **PCP**
- You or your **provider precertifies** the service when required

Medically necessary, medical necessity

The **medical necessity** requirements are in the *Glossary* section, where we define “**medically necessary, medical necessity.**” That is where we also explain what our medical directors or a **physician** they assign consider when determining if a service is **medically necessary**.

Important note:

We cover **medically necessary, sex-specific covered services** regardless of identified gender.

Referrals

You need a **referral** from your **PCP** for most **covered services**. If you do not have a **referral** when required, you will have to pay for services yourself. You do not need a **referral** for **covered services** in a **network walk-in clinic**.

Precertification

You need pre-approval from us for some **covered services**. Pre-approval is also called **precertification**.

In-network

Your network **physician** or **PCP** is responsible for obtaining any necessary **precertification** before you get the care. **Network providers** cannot bill you if they fail to ask us for **precertification**. But if your **physician** or **PCP** requests **precertification** and we deny it, and you still choose to get the care, you will have to pay for it yourself.

When you go to an **out-of-network provider**, you are responsible to get any required **precertification** from us. If you don't **precertify**:

- Your benefits may be reduced, or the plan may not pay. See your schedule of benefits for details.
- You will be responsible for the unpaid bills.
- Your additional out-of-pocket expenses will not count toward your **deductible** or **maximum out-of-pocket limit**, if you have any.

Timeframes for **precertification** are listed below. For **emergency services**, **precertification** is not required, but you should notify us as shown.

To obtain **precertification**, contact us. You, your **physician**, or the facility must call us within these timelines:

Type of care	Timeframe
Non-emergency admission	Call at least 14 days before the date you are scheduled to be admitted.
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been admitted.
Urgent admission	Call before you are scheduled to be admitted.
Outpatient non-emergency medical services	Call at least 14 days before the care is provided, or the treatment or procedure is scheduled.

An urgent admission is a **hospital** admission by a **physician** due to the onset of or change in an illness, the diagnosis of an illness, or injury.

We will tell you and your **physician** in writing of the **precertification** decision, where required by state law. An approval is valid for 180 days as long as you remain enrolled in the plan.

For an inpatient **stay** in a facility, we will tell you, your **physician**, and the facility about your precertified length of **stay**. If your **physician** recommends that you stay longer, the extra days will need to be precertified. You, your **physician**, or the facility will need to call us as soon as reasonably possible, but no later than the final authorized day. We will tell you and your **physician** in writing of an approval or denial of the extra days.

If you or your **provider** request **precertification** and we don't approve coverage, we will tell you why and explain how you or your **provider** may request review of our decision. See the *Complaints, claim decisions and appeal procedures* section.

- Wrist **surgery**

Contact us to get a list of the services that require **precertification**. The list may change from time to time.

Sometimes you or your **provider** may want us to review a service that doesn't require **precertification** before you get care. This is called a predetermination, and it is different from **precertification**. Predetermination means that you or your **provider** requests the pre-service clinical review of a service that does not require **precertification**.

Our clinical policy bulletins explain our policy for specific services and supplies. We use these bulletins and other resources to help guide individualized coverage decisions under our plans. You can find the bulletins and other information at <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html>

Certain **prescription** drugs are covered under the medical plan when they are given to you by your doctor or health care facility. The following **precertification** information applies to these **prescription** drugs:

- For certain drugs, covered under your medical plan or **prescription** drug plan, your **provider** needs to get approval from us before we will cover the drug. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are **medically necessary**.

Contact us or go online to get the most up-to-date **precertification** requirements.

Requesting a medical exception

Sometimes you or your **provider** may ask for a medical exception for drugs that are not covered or for which coverage was denied. You, someone who represents you or your **provider** can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other members. For directions on how you can submit a request for a review:

- Call the toll-free number on your ID card
- Log in to the Aetna website at <https://www.aetna.com/>
- Submit the request in writing to CVS Health ATTN: Aetna PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

What the plan pays and what you pay

Who pays for your **covered services** – this plan, both of us, or just you? That depends.

The general rule

The schedule of benefits lists what you pay for each type of **covered service**. In general, this is how your benefit works:

- You pay the **deductible** when it applies.
- Then the plan and you share the expense. Your share is called a **copayment** or **payment percentage**.
- Then the plan pays the entire expense after you reach your **maximum out-of-pocket limit**.

When we say “expense” in this general rule, we mean the **negotiated charge** for a **network provider**, and **recognized charge** for an **out-of-network provider**.

Negotiated charge

For health coverage:

This is the amount a **network provider** has agreed to accept or that we have agreed to pay them or a third-party vendor (including any administrative fee in the amount paid).

For surprise bills, calculations will be made based on the median contracted rate.

We may enter into arrangements with **network providers** or others related to:

- The coordination of care for members
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:

- Value-based contracting
- Risk sharing
- Accountable care arrangements

These arrangements will not change the **negotiated charge** under this plan.

Surprise bill

There may be times when you unknowingly receive services or don't consent to receive services from an **out-of-network provider**, even when you try to stay in the network for your **covered services**. You may get a bill at the out-of-network rate that you didn't expect. This is called a surprise bill.

An **out-of-network provider** can't balance bill or attempt to collect costs from you that exceed your in-network cost-sharing requirement, such as **deductibles**, **copayments** and **coinsurance** for the following services:

- **Emergency services** provided by an **out-of-network provider** and ancillary services initiated from your **emergency services**

- Non-emergency surgical services provided by an **out-of-network provider** at an in-network facility, except when the **out-of-network provider** has given you the following:
 - The out-of-network notice for your signature
 - The estimated charges for the items and services
 - Notice that the **provider** is an **out-of-network provider**
- Out-of-network air ambulance services

The **out-of-network provider** must get your consent to be treated and balance billed by them.

Ancillary services mean any professional services including:

- Items and services related to emergency medicine
- Anesthesiology
- Hospitalist services
- Laboratory services
- Neonatology
- Pathology
- Radiology
- Services provided by an **out-of-network provider** because there was no **network provider** available to perform the service

A facility in this instance means an institution providing health care related services, or a health care setting. This includes the following:

- **Hospitals** and other licensed inpatient centers
- Ambulatory surgical or treatment centers
- **Skilled nursing facilities**
- **Residential treatment facilities**
- Diagnostic, laboratory and imaging centers
- Rehabilitation facilities
- Other therapeutic settings

A surprise bill claim is paid based on the median contracted rate for all plans offered by us in the same insurance market for the same or similar item or service that is all of the following:

- Provided by a **provider** in the same or similar specialty or facility of the same or similar facility type
- Provided in the geographic region in which the item or service is furnished

The median contracted rate is subject to additional adjustments as specified in federal regulations.

Any cost share paid with respect to the items and services will apply toward your in-network **deductible** and **maximum out-of-pocket limit** if you have one.

It is not a surprise bill when you knowingly choose to go out-of-network and have signed a consent notice for these services. In this case, you are responsible for all charges.

You may request external review if you want to know if the federal surprise bill law applies to your situation.

If you receive a surprise bill or have any questions about what a surprise bill is, contact us.

Paying for covered services – the general requirements

There are several general requirements for the plan to pay any part of the expense for a **covered service**. They are:

- The service is **medically necessary**
- You get your care from a **network provider**
- You get your care from:
 - Your **PCP**
 - Another **network provider** after you get a **referral** from your **PCP**
- You or your **provider** precertifies the service when required

Generally, your plan and you share the cost for **covered services** when you meet the general requirements. But sometimes your plan will pay the entire expense, and sometimes you will. For details, see your schedule of benefits and the information below.

You pay the entire expense when:

- You get services or supplies that are not **medically necessary**.
- Your plan requires **precertification**, your **physician** requests it, we deny it and you get the services without **precertification**.
- You get care without a **referral** and your plan requires one.
- You get care from someone who is not a **network provider**, except for emergency, urgent care and transplant services. See *Who provides the care* in this section for details

In all these cases, the **provider** may require you to pay the entire charge. Any amount you pay will not count towards your **deductible** or your **maximum out-of-pocket limit**.

Where your schedule of benefits fits in

The schedule of benefits shows any out-of-pocket costs you are responsible for when you receive **covered services** and any benefit limitations that apply to your plan. It also shows any **maximum out-of-pocket limits** that apply.

Limitations include things like maximum age, visits, days, hours and admissions. Out-of-pocket costs include things like **deductibles**, **copayments** and **coinsurance**. Keep in mind that you are responsible for paying your part of the cost sharing. You are also responsible for costs not covered under this plan.

Coordination of benefits

Some people have health coverage under more than one health plan. If you do, we will work with your other plan to decide how much each plan pays. This is called coordination of benefits (COB).

Key Terms

Here are some key terms we use in this section. These will help you understand this COB section.

Allowable expense means a health care expense that any of your health plans cover.

In this section when we talk about “plan” through which you may have other coverage for health care expenses we mean:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Medicare or other government benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

How COB works

- When this is your primary plan, we pay your medical claims first as if there is no other coverage.
- When this is your secondary plan:
 - We pay benefits after the primary plan and reduce our payment based on any amount the primary plan paid.
 - Total payments from this plan and your other coverage will never add up to more than 100% of the allowable expenses.

Determining who pays

The basic rules are listed below. Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary. Contact us if you have questions or want more information. A plan that does not contain a COB provision is always the primary plan.

COB rule	Primary Plan	Secondary plan
Non-dependent or dependent	Plan covering you as an employee, retired employee, or subscriber (not as a dependent)	Plan covering you as a dependent
Child – parents married or living together	Plan of parent whose birthday (month and day) is earlier in the year (Birthday rule)	Plan of parent whose birthday is later in the year

COB rule	Primary Plan	Secondary plan
Child – parents separated, divorced, or not living together	<ul style="list-style-type: none"> • Plan of parent responsible for health coverage in court order • Birthday rule applies if both parents are responsible or have joint custody in court order • Custodial parent’s plan if there is no court order 	<ul style="list-style-type: none"> • Plan of other parent • Birthday rule applies (later in the year) • Non-custodial parent’s plan
Child – covered by individuals who are not parents (i.e. stepparent or grandparent)	Same rule as parent	Same rule as parent
Active or inactive employee	Plan covering you as an active employee (or dependent of an active employee)	Plan covering you as a laid off or retired employee (or dependent of a former employee)
Consolidated Omnibus Budget Reconciliation Act (COBRA) or state continuation	Plan covering you as an employee or retiree (or dependent of an employee or retiree)	COBRA or state continuation coverage
Longer or shorter length of coverage	Plan that has covered you longer	Plan that has covered you for a shorter period of time
Other rules do not apply	Plans share expenses equally	Plans share expenses equally

How COB works with Medicare

If your other coverage is under Medicare, federal laws explain whether Medicare will pay first or second. COB with Medicare will always follow federal requirements. Contact us if you have any questions about this.

When you are eligible for Medicare, we coordinate the benefits we pay with the benefits that Medicare pays. If you are eligible but not covered, and Medicare would be your primary payer, we may still pay as if you are covered by Medicare and coordinate with the benefits Medicare would have paid. Sometimes, this plan pays benefits before Medicare pays. Sometimes, this plan pays benefits after Medicare or after an amount that Medicare would have paid if you had been covered.

You are eligible for Medicare if you are covered under it. You are also eligible for Medicare even if you are not covered if you refused it, dropped it, or didn’t make a request for it.

Other health coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate, so your claims are processed correctly.

Our rights

We have the right to:

- Release or obtain any information we need for COB purposes, including information we need to recover any payments from your other health plans
- Reimburse another health plan that paid a benefit we should have paid
- Recover any excess payment from a person or another health plan, if we paid more than we should have paid

Benefit payments and claims

A claim is a request for payment that you or your health care **provider** submits to us when you want or get **covered services**. There are different types of claims. You or your **provider** may contact us at various times, to make a claim, to request approval, or payment, for your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit.

It is important that you carefully read the previous sections within *How your plan works*. When a claim comes in, we review it, make a decision, and tell you how you and we will split the expense. The amount of time we have to tell you about our decision on a claim depends on the type of claim.

Claim type and timeframes

Urgent care claim

An urgent claim is one for which the doctor treating you decides a delay in getting medical care could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. It could also be a situation in which you need care to avoid severe pain. We will make a decision within 24-72 hours.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

Pre-service claim

A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we **precertify** them. We will make a decision within 15 days.

Post-service claim

A post-service claim is a claim that involves health care services you have already received. We will make a decision within 30 days.

Concurrent care claim extension

A concurrent care claim extension occurs when you need us to approve more services than we already have approved. Examples are extending a **hospital stay** or adding a number of visits to a **provider**. You must let us know you need this extension 24 hours before the original approval ends. We will have a decision within 24 hours for an urgent request. You may receive the decision for a non-urgent request within 15 days.

Concurrent care claim reduction or termination

A concurrent care claim reduction or termination occur when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us or an external review organization if the situation is eligible for external review.

During this continuation period, you are still responsible for your share of the costs, such as **copayments, payment percentage** and **deductibles** that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.

Filing a claim

When you see a **network provider**, that office will usually send us a detailed bill for your services. If you see an **out-of-network provider**, you may receive the bill (proof of loss) directly. This bill forms the basis of your post-service claim. If you receive the bill directly, you or your **provider** must send us the bill within 12 months of the date you received services, unless you are legally unable to notify us. You must send it to us with a claim form that you can either get online or contact us to provide. You should always keep your own record of the date, **providers**, and cost of your services.

The benefit payment determination is made based on many things, such as your **deductible** or **payment percentage**, the necessity of the service you received, when or where you receive the services, or even what other insurance you may have. We may need to ask you or your **provider** for some more information to make a final decision. You can always contact us directly to see how much you can expect to pay for any service.

We will pay the claim within 30 days from when we receive all the information necessary. Sometimes we may pay only some of the claim. Sometimes we may deny payment entirely. We may even rescind your coverage entirely. Rescission means you lose coverage going forward and going backward. If we paid claims for your past coverage, we will want the money back.

We will give you our decision in writing. You may not agree with our decision. There are several ways to have us review the decisions. Please see the *Complaints, claim decisions, and appeal procedures* section for that information.

Complaints, claim decisions and appeals procedures

The difference between a complaint and an appeal

A Complaint

You may not be happy about a **provider** or an operational issue, and you may want to complain. You can call or write Member Services. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

An Appeal

You can ask us to re-review an adverse benefit determination. This is called an appeal. You can appeal to us verbally or in writing.

Claim decisions and appeal procedures

Your **provider** may contact us at various times to make a claim, or to request approval for payment based on your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit. You may not agree with our decision. As we said in *Benefit payments and claims* in the *How your plan works* section, we pay many claims at the full rate, except for your share of the costs. But sometimes we pay only some of the claim. Sometimes we deny payment entirely.

Any time we deny even part of the claim, it is an “adverse benefit determination” or “adverse decision.” For any adverse decision, you will receive an explanation of benefits in writing. You can ask us to review an adverse benefit determination. This is the internal appeal process. If you still don’t agree, you can also appeal that decision. There are times you may skip the two levels of internal appeal. But in most situations, you must complete both levels before you can take any other actions, such as an external review.

Appeals of adverse benefit determinations

You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to Member Services at the address on the notice of adverse benefit determination. Or you can call Member Services at the number on your ID card. You need to include:

- Your name
- The employer’s name

- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form by contacting us. You can use an authorized representative at any level of appeal.

You can appeal two times under this plan. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

Urgent care or pre-service claim appeals

If your claim is an urgent claim or a pre-service claim, your **provider** may appeal for you without having you fill out an authorized representative form telling us that you are allowing the provider to appeal for you.

We will provide you with any new or additional information that we used or that was developed by us to review your claim. We will provide this information at no cost to you before we give you a decision at your last available level of appeal. This decision is called the final adverse benefit determination. You can respond to this information before we tell you what our final decision is.

Timeframes for deciding appeals

The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

Type of notice	Urgent care claim	Pre-service claim	Post-service claim	Concurrent care claim
Appeal determinations at each level (us)	36 hours	15 days	30 days	As appropriate to type of claim
Extensions	None	None	None	

Exhaustion of appeals process

In most situations you must complete the two levels of appeal with us before you can take these other actions:

- Appeal through an external review process.
- Pursue arbitration, litigation or other type of administrative proceeding.

But sometimes you do not have to complete the two levels of appeals process before you may take other actions. These situations are:

- You have an urgent claim or a claim that involves ongoing treatment. You can have your claim reviewed internally and at the same time through the external review process.
- We did not follow all of the claim determination and appeal requirements of the Federal Department of Health and Human Services. But, you will not be able to proceed directly to external review if:
 - The rule violation was minor and not likely to influence a decision or harm you.
 - The violation was for a good cause or beyond our control.
 - The violation was part of an ongoing, good faith exchange between you and us.

External review

External review is a review done by people in an organization outside of **Aetna**. This is called an external review organization (ERO).

You have a right to external review only if:

- Our claim decision involved medical judgment.
- We decided the service or supply is not **medically necessary** or not appropriate.
- We decided the service or supply is **experimental, investigational, or unproven**.
- You have received an adverse determination.

You may also request external review if you want to know if the federal surprise bill law applies to your situation.

If our claim decision is one for which you can seek external review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the external review process. It will include a copy of the Request for External Review form at the final adverse determination level.

You must submit the Request for External Review Form:

- To **Aetna**
- Within 123 calendar days (four months) of the date you received the decision from us
- And you must include a copy of the notice from us and all other important information that supports your request

Aetna will:

- Contact the ERO that will conduct the review of your claim.
- Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review.
- Consider appropriate credible information that you sent.

- Follow our contractual documents and your plan of benefits.
- Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information.

We will stand by the decision that the ERO makes, unless we can show conflict of interest, bias or fraud.

When an appeal is not eligible for ERO or when the appeal is upheld at the ERO level, Aetna will inform the member of their right to appeal to the plan sponsor for voluntary level of review.

How long will it take to get an ERO decision?

We will tell you of the ERO decision not more than 45 calendar days after we receive your Notice of External Review Form with all the information you need to send in.

But sometimes you can get a faster external review decision. Your **provider** must call us or send us a Request for External Review Form.

There are two scenarios when you may be able to get a faster external review:

For initial adverse determinations

Your **provider** tells us that a delay in your receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function, or
- Be much less effective if not started right away (in the case of **experimental, investigational, or unproven** treatment)

For final adverse determinations

Your **provider** tells us that a delay in your receiving health care services would:

- Jeopardize your life, health or ability to regain maximum function
- Be much less effective if not started right away (in the case of **experimental, investigational, or unproven** treatment), or
- The final adverse determination concerns an admission, availability of care, continued stay or health care service for which you received **emergency services**, but have not been discharged from a facility

If your situation qualifies for this faster review, you will receive a decision within 72 hours of us getting your request.

Recordkeeping

We will keep the records of all complaints and appeals for at least 10 years.

Fees and expenses

We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.

Eligibility, starting and stopping coverage

Eligibility

Who is eligible

The contract holder decides and tells us who is eligible for health coverage.

When you can join the plan

You must live or work in the service area to enroll in this plan.

You can enroll:

- At the end of any waiting period the contract holder requires
- Once each year during the annual enrollment period
- At other special times during the year (see the *Special times you can join the plan* section below)

You can enroll eligible family members (these are your “dependents”) at this time too.

If you don’t enroll when you first qualify for benefits, you may have to wait until the next annual enrollment period to join.

Who can be a dependent on this plan

You can enroll the following family members:

- Your legal spouse
- Your domestic partner who meets contract holder rules and requirements under state law
- Dependent children – yours or your spouse’s or partner’s
 - Dependent children must be:
 - Under 26 years of age
 - Dependent children include:
 - Natural children
 - Stepchildren
 - Adopted children including those placed with you for adoption
 - Foster children
 - Children you are responsible for under a qualified medical support order or court order
 - Grandchildren in your legal custody
 - A grandchild whose parent is already covered as a dependent on this plan

Adding new dependents

You can add new dependents during the year. These include any dependents described in the *Who can be a dependent on this plan* section above.

Coverage begins on the date of the event for new dependents that join your plan for the following reasons:

- Birth
- Adoption or placement for adoption

- Marriage
- Legal guardianship
- Court or administrative order

We must receive a completed enrollment form not more than 31 days after the event date.

Special times you can join the plan

You can enroll in these situations:

- You didn't enroll before because you had other coverage and that coverage has ended
- Your COBRA coverage has ended
- A court orders that you cover a dependent on your health plan

We must receive the completed enrollment information within 31 days of the date when coverage ends.

You can also enroll in these situations:

- You or your dependent lose your eligibility for enrollment in Medicaid or a CHIP plan
- You are now eligible for state premium assistance under Medicaid or CHIP which will pay your premium contribution under this plan

We must receive the completed enrollment information within 60 days of the date when coverage ends.

Notification of change in status

Tell us of any changes that may affect your benefits. Please contact us as soon as possible when you have a:

- Change of address
- Dependent status change
- Dependent who enrolls in Medicare or any other health plan

Starting coverage

Your coverage under this plan has a start and an end. You must start coverage after you complete the eligibility and enrollment process. You can ask your contract holder to confirm your effective date.

Stopping coverage

Your coverage typically ends when you leave your job; but it can happen for other reasons. Ending coverage doesn't always mean you lose coverage with us. There will be circumstances that will still allow you to continue coverage. See the *Special coverage options after your coverage ends* section.

We will send you notice if your coverage is ending. This notice will tell you the date that your coverage ends.

When will your coverage end

Your coverage under this plan will end if:

- This plan is no longer available
- You ask to end coverage
- The contract holder asks to end coverage
- You are no longer eligible for coverage, including when you move out of the service area
- Your work ends
- You stop making required contributions, if any, apply
- We end your coverage
- You start coverage under another medical plan offered by your employer

When dependent coverage ends

Dependent coverage will end if:

- A dependent is no longer eligible for coverage
- You stop making premium contributions, if any, apply
- Your coverage ends for any of the reasons listed above except:
 - Exhaustion of your overall maximum benefit.
 - You enroll under a group Medicare plan we offer. However, dependent coverage will end if your coverage ends under the Medicare plan.
- Your dependent has exhausted the maximum benefit under your medical plan
- The date this plan no longer allows coverage for domestic partners or civil unions
- The date the domestic partnership or civil union ends
 - You will need to complete a Declaration of Termination of Domestic Partnership

What happens to your dependents if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your coverage ends* section for more information.

Why would we end your coverage?

We may immediately end your coverage if you commit fraud, or you intentionally misrepresented yourself when you applied for or obtained coverage. You can refer to the *General provisions – other things you should know* section for more information on rescissions.

On the date your coverage ends, we will refund to your employer any prepayment for periods after the date your coverage ended.

Special coverage options after your coverage ends

When coverage may continue under the plan

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have. Contact the contract holder to see what options apply to you.

In some cases, premium payment is required for coverage to continue. Your coverage will continue under the plan as long as the contract holder and we have agreed to do so. It is the contract holder's responsibility to let us know when your work ends. If the contract holder and we agree in writing, we will extend the limits.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

The federal COBRA law usually applies to employers of group sizes of 20 or more and gives employees and most of their covered dependents the right to keep their health coverage for 18, 29 or 36 months after a qualifying event. The qualifying event is something that happens that results in you losing your coverage. The qualifying events are:

- Your active employment ends for reasons other than gross misconduct
- Your working hours are reduced
- You divorce or legally separate and are no longer responsible for dependent coverage
- You become entitled to benefits under Medicare
- Your covered dependent children no longer qualify as dependents under the plan
- You die
- You are a retiree eligible for retiree health coverage and your former employer files for bankruptcy

Talk with your employer if you have questions about COBRA or to enroll.

Continuation of coverage for other reasons

To request an extension of coverage, just contact us.

How you can extend coverage if you are totally disabled when coverage ends

Your coverage may be extended if you are totally disabled when coverage ends.

Only the medical condition which caused the total disability is covered during your extension.

Your dependent is "totally disabled" if that person cannot engage in most normal activities of a healthy person of the same age and gender.

You may extend coverage only for services and supplies related to the disabling condition until the earliest of:

- When you or your dependents are no longer totally disabled
- When you become covered by another health benefits plan
- 12 months of coverage

How you can extend coverage for your disabled child beyond the plan age limits

You have the right to extend coverage for your dependent child beyond plan age limits, if the child is not able to be self-supporting because of mental or physical disability and depends mainly (more than 50% of their income) on you for support.

The right to coverage will continue only as long as a **physician** certifies that your child still is disabled.

We may ask you to send us proof of the disability within 31 days of the date coverage would have ended. Before we extend coverage, we may ask that your child get a physical exam. We will pay for that exam.

We may ask you to send proof that your child is disabled after coverage is extended. We won't ask for this proof more than once a year. You must send it to us within 31 days of our request. If you don't, we can terminate coverage for your dependent child.

How you can extend coverage when getting inpatient care when coverage ends

Your coverage may be extended if you are getting inpatient care in a **hospital** or **skilled nursing facility** when coverage ends.

Benefits are extended for the condition that caused the **hospital** or **skilled nursing facility stay** or for complications from the condition. Benefits aren't extended for other medical conditions.

You can continue to get care for this condition until the earliest of:

- When you are discharged
- When you no longer need inpatient care
- When you become covered by another health benefits plan
- 12 months of coverage

General provisions – other things you should know

Administrative provisions

Aetna's authority as claim administrator

Aetna has been designated as claims administrator for benefits under the Plan with full discretion and authority to make claim and appeal determinations. The claims administrator is the appropriate named fiduciary of the plan for purposes of reviewing denied claims for benefits. In exercising this fiduciary responsibility, Aetna has full discretionary authority to make factual determinations, to determine eligibility for benefits, to determine the amount of benefits for each claim received, and to construe terms of the Plan with respect to benefits. Aetna's decisions are final and binding upon you and any person making a claim on your behalf. Your employer retains sole and complete authority to determine eligibility of persons to participate in the Plan.

How you and we will interpret this booklet

We prepared this booklet according to federal and state laws that apply. You and we will interpret it according to these laws. Also, you are bound by our interpretation of this booklet when we administer your coverage.

How we administer this plan

We apply policies and procedures we've developed to administer this plan.

Who's responsible to you

We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. Even **network providers** are not our employees or agents.

Coverage and services

Your coverage can change

Sometimes things happen outside of our control. These are things such as natural disasters, epidemics, fire, and riots. We will try hard to get you access to the services you need even if these things happen. Your coverage is defined by the group contract. This document may have amendments and amendments too. Under certain circumstances, we, the contract holder, or the law may change your plan. When an emergency or epidemic is declared, we may modify or waive **precertification**, **prescription** quantity limits or your cost share if you are affected. Only we may waive a requirement of your plan. No other person, including the contract holder or **provider**, can do this.

Physical examination and evaluations

At our expense, we have the right to have a **physician** of our choice examine you. This will be done at reasonable times while certification or a claim for benefits is pending or under review.

Records of expenses

You should keep complete records of your expenses. They may be needed for a claim. Important things to keep are:

- Names of **physicians** and others who furnish services
- Dates expenses are incurred
- Copies of all bills and receipts

Honest mistakes and intentional deception

Honest mistakes

You or the contract holder may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in premium contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 2 years before we learned of it.

Intentional deception

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Rescission of coverage
- Denial of benefits
- Recovery of amounts we already paid

We also may report fraud to criminal authorities. See the *Benefit payments and claims, Filing a claim* section for information about rescission.

You have special rights if we rescind your coverage:

- We will give you 30 days advance written notice of any rescission of coverage
- You have the right to an Aetna appeal
- You have the right to a third-party review conducted by an independent ERO

Some other money issues

Legal action

You must complete the internal appeal process before you take any legal action against us for any expense or bill. See the *Complaints, claim decisions, and appeal procedures* section. You cannot take any action until 60 days after we receive written submission of a claim.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Assignment of benefits

When you see a **network provider**, they will usually bill us directly. When you see an **out-of-network provider**, we may choose to pay you or to pay the **provider** directly. To the extent allowed by law, we will not accept an assignment to an **out-of-network provider**.

Financial sanctions exclusions

If coverage provided under this booklet violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **covered services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC). You can find out more by visiting <https://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Recovery of overpayments

We sometimes pay too much for **covered services** or pay for something that this plan doesn't cover. If we do, we can require the person we paid, you or your **provider**, to return what we paid. If we don't do that, we have the right to reduce any future benefit payments by the amount we paid by mistake.

SUBROGATION AND RIGHT OF RECOVERY

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult Covered Person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the Plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an injury, illness or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers compensation coverage, no fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all of your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an injury, illness or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any **provider**) you agree that if you receive any payment as a result of an injury, illness or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the illness, injury or condition upon any recovery whether by settlement, judgment or otherwise, related to treatment for any illness, injury or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in

whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in personal injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan's subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the Plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Your health information

We will protect your health information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your claims and manage your plan.

When you accept coverage under this plan, you agree to let your **providers** share information with us. We need information about your physical and mental condition and care.

Schedule of benefits

How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
- For the **covered services** under your medical plan, you will be responsible for the dollar amount
- For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount
- **Coinsurance** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **coinsurance** percentage that your plan will pay.

You are responsible to pay any **deductibles, copayments** and remaining **coinsurance** if they apply

- Combined limits between in-network and **out-of-network providers**
- Separate limits for in-network and **out-of-network providers**

See the schedule for more information about limits.

- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the *Using your Aetna benefits* section under Individuals & Families at <https://www.aetna.com/>.

Important note:

Covered services are subject to the calendar year **deductible, maximum out-of-pocket**, limits, **copayment** or **payment percentage** unless otherwise stated in this schedule of benefits. The *Surprise bill* section in the booklet explains your protections from a surprise bill.

Under this plan, you will:

1. Pay your **copayment**
2. Then pay any remaining **deductible**
3. Then pay your **payment percentage**

Your **copayment** does not apply to any **deductible**.

How your PCP or physician office visit cost share works

You will pay the **PCP** cost share when you receive **covered services** from any **PCP**.

How your maximum out-of-pocket works

This schedule of benefits shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

We are here to answer questions. See the *Contact us* section in your booklet.

Maximum out-of-pocket limit

Excludes the **deductible**

Maximum out-of-pocket type	In-network
Individual	\$2,500 per calendar year
Family	\$5,500 per calendar year

General coverage provisions

This section explains the **maximum out-of-pocket limit**, and limitations listed in this schedule.

Deductible credit

If you paid part or all of your **deductible** under other coverage for the year that this plan went into effect, we will deduct the amount paid under the other coverage from the **deductible** on this plan for the same year. If we ask, you must submit a detailed explanation of benefits (EOB) showing the dates and amount of the **deductible** met from the other coverage in order to receive the credit.

Copayment

This is the dollar amount you pay for **covered services**. In most plans, you pay this after you meet your **deductible** limit.

Payment percentage

This is the percentage of **covered services** you pay after you meet your **deductible**.

Maximum out-of-pocket limit

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments, payment percentage** and **deductible**, if any, for **covered services**.

Covered services apply to the in-network **maximum out-of-pocket limit**.

Individual maximum out-of-pocket limit

- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of you must meet your **maximum out-of-pocket limit** separately.
- After you or your covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit

After you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the remainder of the year for all covered family members. The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members.

To satisfy this **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-**covered services** which are identified in the booklet and the schedule
- Charges, expenses, or costs in excess of the **recognized charge**

Limit provisions

Covered services applied to the in-network limit apply only to the in-network limit. **Covered services** applied to the out-of-network limit apply only to the out-of-network limit.

Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of services on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the group contract.

Out-of-network providers do not have a contract with us. The **provider** may not accept payment of your cost share as payment in full. You may receive a bill for the difference between the amount billed by the **provider** and the amount paid by the plan. If the **provider** bills you for an amount above your cost share, you are not responsible for payment of that amount. You should send the bill to the address on your ID card, and we will resolve any payment issue with the **provider**. Make sure the member ID is on the bill. In the case of a surprise bill from an **out-of-network provider**, where you had no control of their participation in your **covered services**, you will pay the same cost share you would have if the **covered services** were received from a **network provider**. The cost share will be based on the median contracted rate. Contact us immediately if you receive such a bill. If you are admitted to the **hospital** for an inpatient **stay** right after you visit the emergency room, you will not pay your emergency room cost share if you have one. You will pay the inpatient **hospital** cost share, if any.

This schedule of benefits lists the **deductibles**, limits and **copayments** or **payment percentage**, if any apply to the **covered services** you receive under this amendment. This amendment is subject to the requirements described in your plan schedule of benefits unless otherwise noted below.

How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
- For the **covered services** under your medical plan, you will be responsible for the dollar amount
- For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount
- **Coinsurance** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
